# Young Europeans Start up

Patras, Greece  
22<sup>nd</sup> May 2014

Lifelong  
Learning  
Programme

# Introduction

- \* Grundtvig Learning Partnership
- \* Duration: 01.08.2013 - 31.07.2015
- \* target groups:
  - young people between 16-30 wishing to start up their own business

# Background

## Project aims to:

- \* improve the youth's business skills and access for innovative SMEs, in order to strength the links between European educational systems, the labour market and the civil society, for a better integration of young people in professional and social life, as active European citizens

## and attempts to:

- \* examine and analyse the youth needs
- \* share experience and examples of good practices
- \* offer tools and trainings for improving the entrepreneurship knowledge, competences and skills

# Objectives

- ▶ to promote knowledge partnerships and strengthen links between education, business, research and innovation, in order to develop the entrepreneurship spirit and to support young innovative people to have a successful professional and social start-up
- ▶ to improve the entrepreneurship education level, the career counselling and orientation, building up practical skills, preventing and diminishing young people unemployment
- ▶ to stimulate youth creativity and innovation spirit, exploring ways of promoting creative entrepreneurship for young people from partner

# Impact

- \* Young learners – better understanding of the role of the society support in their social and professional life
- \* Staff of the institutions – improvements of knowledge, new experience and practice related to bridging the gap between academics and real business world
- \* Institutions – new directions for institutional development
